§140-26A Short-Term Transient Rentals

- A. Purpose. With the increase in tourism over the past several years in the Town of Rochester and adjacent areas, there has been an increase in the number of property owners renting to tourists on a short-term transient basis. Many residents list their properties as short-term transient rentals on web-based booking sites such as AirBnB and VRBO. Short-Term transient rentals offer many benefits to property owners and residents in our town such as increased income, however, they also create potential health, safety, and quality of life detriments to the community. In recognition of the widespread popularity of short-term transient rentals, and in recognition that many short-term transient rentals are already operating in the town, the purpose of this local law is to regulate the safety and use of Short-Term Transient Rentals in line with the goals of the Town Comprehensive Plan.
- The following local law imposes mandatory regulations and requirements on all Town of Rochester property owners that desire to rent on a short-term transient basis their property. The purpose of such regulations and requirements are to assure that the properties being rented meet certain minimum safety and regulatory requirements which are proportional to those imposed on similar uses such as beds and breakfasts, inns, motels, and hotels thereby protecting the property owners, occupants of such housing and the residents of the Town of Rochester.
- B. Authorization. The Town Board authorizes the Code Enforcement Officer to issue permits to property owners to use their properties as a short-term transient rental per the provisions of this local law.
