**Subject:** recreation commission

Dear Mike Baden and The Town Board of Rochester

It is my desire to be part of the recreation commission for our Town of Rochester

**I have over twenty years of working planning, creating and hosting events from various walks of life. I have been solely responsible for the planning of events, maintaining the calendar, organizing volunteers and executing the events**

I am service oriented with attention to details

Aside from the business aspect of my event planning

\* hosted and organized events for the LGBTQ community

\* team mother for Rondout Football when my children were in school.

I have raised not only my own children but took in children in need during trying times for their families.

I bring a passion for event planning, a fun spirit with the ability to organize people in a respectful fashion in order and get a job done.

I have local references /Charlotte Knapp and Jessica Knapp I am sure would be a start on a reference for me

I very much wish to be a part of making our town a magical place.

I look forward to your response

Tina Bergen Russell
